

Email Blast #5 FIRST® LEGO® League International Open Championship – Team information sheet request

Dear International Open Championship Teams:

Below is information that may be helpful to you and your team for planning your trip.

- Items in green are for teams outside of the UK.
- Items in yellow require action.

This is the 5<sup>th</sup> email blast for the FIRST® LEGO® League International Open Championship in Bath, UK. If your team has recently registered and missed the previous email blast, you will be able to view PDF versions of all blasts sent out [here](#).

## Security

As you may be aware, sadly there was terrorist incident in London over the weekend. We appreciate you may be concerned about your visit to the UK so we just wanted to reassure you again that whilst it is extremely unlikely that Bath would be a target for a similar attack, both the Institution of Engineering and Technology (IET) and the University of Bath take safety and security extremely seriously and we are working closely with and seeking advice from various security organisations to ensure that the risks have been properly assessed and that there are systems in place to safeguard all participants and visitors. We will also be distributing important information to all teams on arrival aimed at ensuring your safety during FIRST® LEGO® League International Open Championship. If you have any specific questions or concerns, please feel to contact us.

## Team Information Sheet

The attached team information sheet should be completed including a team photo in the top left corner and a robot photograph on the second page. If the information included when you registered for the FIRST® LEGO® League International Open Championship is still relevant you can copy and paste this.

The team information sheet will be shared with the judges to help them remember your team, your project and your robot. It is therefore very important. Please make sure your photos fit into the spaces provided and are not larger.

**The deadline for providing this sheet is Monday 12<sup>th</sup> June. We apologise for the short notice but we need time to prepare and share the information before the start of the event.**

## All bookings on the website will close on Friday 9<sup>th</sup> June

All team/visitor registration and accommodation bookings will close on Friday 9<sup>th</sup> June. No further changes can be made after this date.

### Dates for your calendar:

Friday 9<sup>th</sup> June      Registration and accommodation bookings close.

Monday 12<sup>th</sup> June      Deadline for completed team information sheet.

Shortly before the event      Detailed team schedule.
